

## **PINEAPPLE UPSIDE DOWN CAKE (MICROWAVE)**

2 tbsp. butter

1/2 c. packed brown sugar

1 (15 1/4 oz.) can sliced pineapple and liquid

1 (9 oz.) pkg. one-layer yellow cake mix

Maraschino cherries

Place butter in 8x8 inch microwave safe dish. Heat in microwave on full power for 20-30 seconds or until melted. Blend brown sugar with butter and spread evenly into bottom of dish. Drain pineapple juice into glass measure. Arrange pineapple slices over butter-brown sugar mixture. Place maraschino cherry in center of each pineapple ring.

Prepare cake mix as directed on package substituting pineapple juice for water (adding water as necessary to give the correct amount of liquid). Pour cake batter into dish, evenly distributing batter over entire surface. Bake in microwave on full power for 7 minutes, or until top springs back when lightly pressed with finger. While hot, invert on serving platter.
