

Family and Consumer Sciences Education... **The Future is Now!**

Why Now?

The field of Family and Consumer Sciences is experiencing a shortage of teachers.

There are currently **979** FCS teachers statewide with median age being **48**; leading to a demand for new teachers as FCS teachers become eligible to retire!

TAKE ACTION

- ⇒ Identify students with an **aptitude** for teaching FCS and engage in a conversation highlighting the advantages of FCS as a career choice.
- ⇒ Follow up by contacting **school guidance counselors** and continue the conversation, sharing with them the FCS student education flyer.

Be a Part of It... Start the conversation and continue promoting our field as a career choice for our students.

"Say YES to FCS" through the courses we teach and the extra curricular activities sponsored by **FCCLA**.
